

Volunteer Opportunities:

Through the connection with Hong Kong Church Network for the Poor (HKCNP), Christian & Missionary Alliance (CMA) – Shatin Church has invited Shatin Anglican Church (STC) to assist in their outreach program to serve the underprivileged children living at Shui Chuen O Estate through sending volunteers to teach English in a fun and relaxing way. Currently CMA Shatin Church only has the capacity to run Sunday school given limited resources, hence, help is needed for this English program.

Purpose:

Most families living at Shui Chuen O Estate struggle to help their children with English given their own lack of knowledge of the subject. Many of the children joining the program may also suffer from ADHD or ADD. These children face a huge setback in the English subject in school which further dampens their already weak confidence in the subject. The goal of the program is to help them get familiar with English so as to encourage them to keep learning and not give up as learning English can also be fun.

Target beneficiaries:

Children aged 5-8 living in Shui Chuen O Estate

Size of the class:

10 kids

Time:

Sunday 2:15 – 3:15 pm

Location:

CMI Counselling Center, Citimark 7/F

Volunteer requirement:

- Fluent in English
- Youth, families with Kids also welcome
- Cantonese is not a must but should at least have one Cantonese speaking volunteer present

No. of volunteer required:

4-5 each time

Length of service:

Initially we can propose a trial run of a one-off event or a program for one term (i.e. 3 months) etc. We hope to generate enough interest for it to become a long-term ministry.

Format:

Learning English through Singing English Songs, Playing games etc. Gospel message welcome.

Material:

Potentially, we can leverage the modules developed by ICA which have been especially designed for the purpose of teaching English with the gospel message incorporated. HKCNP indicated that ICA is happy to share the materials with churches doing similar ministry.

Opportunities for STC:

- Mission Outreach to the kids and families as not all of them are Christian
- Serving the local community
- Develop relationship with Chinese church in the area
- English is our strength!
